

COMMUNITIES

MEDIA KIT 2025

A Lynchpin Media brand. The community partner to:

Introduction

As anyone in the C-suite will attest, a strong support network is crucial for achieving goals and a strong sense of overall wellbeing.

The challenges, pressures – and rewards – that come with these roles can sometimes feel all encompassing. Peers with whom to share these experiences, learn from and pass on successes to, are invaluable.

CxO Communities, a Lynchpin Media brand, aims to facilitate and host this knowledge-sharing, with the aim of creating tangible communities that build their members up.

Through dedicated resources, original content and a discussion forum for members to collaborate, CxO Communities provides an inclusive and stimulating environment for CxOs to find support and grow.

Communities

Launching this autumn, CXO Cyber Connections is a trusted platform where you can expand your knowledge across the cybersecurity landscape and build connections with industry experts and inspirational business leaders.

It's a place to access insights and best practices on the latest cybersecurity risks, challenges and solutions facing enterprises today.

Whether you're a CISO, CIO, CMO or CHRO, there's a place for you within our community – you'll find like-minded individuals, all with a different remit and strategy for cybersecurity.

Content

Members will have access to a range of exclusive content from thought leaders and – crucially – other members.

In Cyber Corner, you'll find the latest cybersecurity news, trends and analysis from articles, whitepapers, case studies and expert features.

In our Community Forum, you can access peer-to-peer interactions and discussions around key topics that matter to you.

CXO Talks is where you'll find interactive content like webinars, podcasts and video interviews.

Our Training and Awareness hub will provide information on workshops, online courses, certification programmes and e-learning.

Advisory

CXO Cyber Connections is underpinned by an Advisory Board, comprised of a diverse group of C-Suite executives from various industries, geographies and job functions.

The Advisory Board provides key insights into the topics that matter to those across the C-suite on the subject of cybersecurity.

Through quarterly meetings, the Board provides important feedback to ensure CXO Cyber Connections provides the best experience to members from across EMEA.

Intelligent ICT Awards

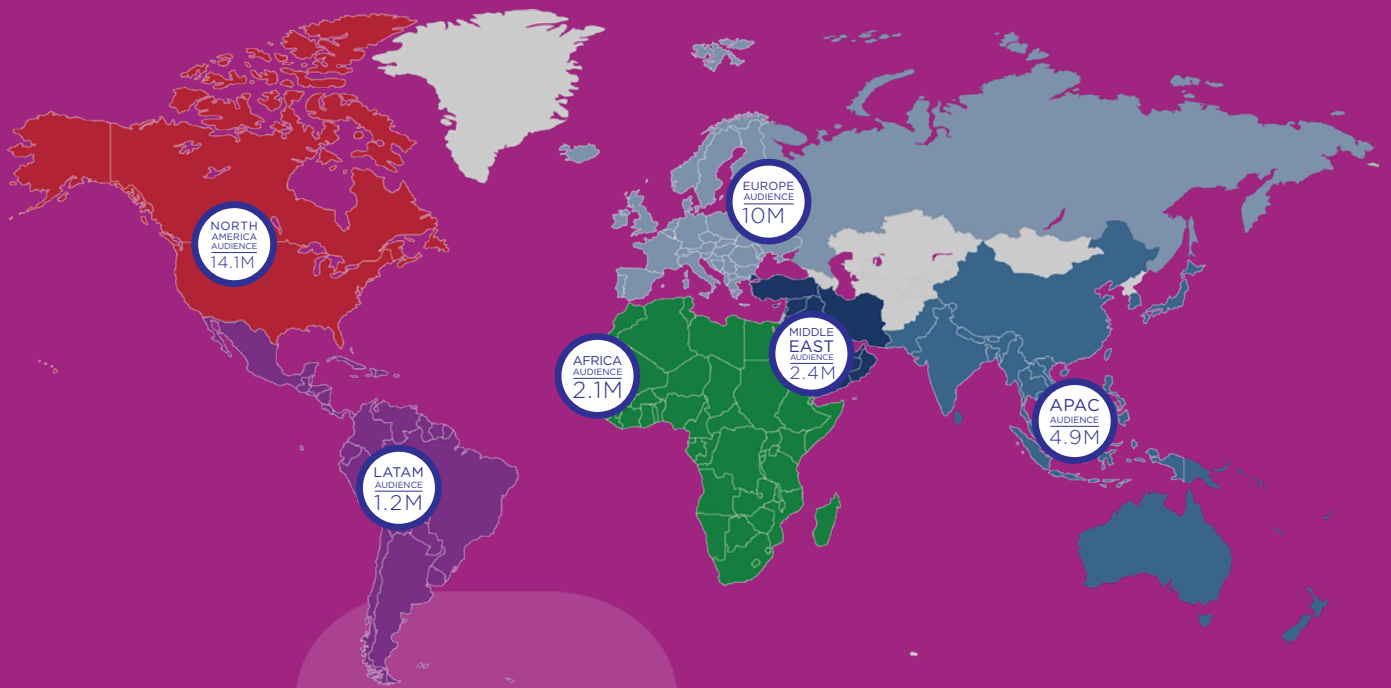

Lynchpin Media's Intelligent ICT Awards aim to recognise the innovation and digital success stories of our communities, across all verticals and geographies. Having taken place in Dubai and Johannesburg, in 2025 we will be expanding our awards events across our global regions in a bid to continue showcasing our community members' wins.

Sponsorship

We have a range of sponsorship opportunities available for partners interested in sharing resources and insights with the community and getting involved in our Intelligent ICT Awards events.
