## ABOUT INTELLIGENT SME.TECH

**I**ntelligent SME.tech is a technology intelligence platform aimed at the SME sector across EMEA, APAC North America and LATAM.

As digitalisation sweeps across the globe, SMEs have more opportunities than ever to use technology solutions that enable them to scale and deliver positive customer experiences. But this is not without its challenges, as SME business leaders have fewer resources and less available budget than their enterprise counterparts, which

means navigating the technology landscape can be difficult. Throw in the added problem of increased cyberthreats and malicious actors, and it can be hard to know where to channel investment. *Intelligent SME.tech* aims to help SMEs, offering unparalleled advice to the SME community and guiding SME business leaders with thought leadership, industry expertise, knowledge sharing and the latest news. With social media supporting all the above, our content is delivered across all platforms and enables industry professionals to discover and read this on their preferred device.

# AUDIENCE BREAKDOWN

**S**MEs are the backbone of economies across the globe. According to The World Bank, they represent about 90% of businesses and more than 50% of employment worldwide. So, it goes without saying that they're incredibly important. Each country has its own definition of what constitutes a small- and medium-sized enterprise but it is based on revenues, assets or a number of employees below a certain threshold. The World Bank said that formal SMEs contribute up to 40% of national income (GDP) in emerging economies and these numbers are significantly higher when informal SMEs are included.

As Digital Transformation ramps up, it will provide many opportunities for SMEs to grow and innovate. *Intelligent SME.tech* provides the SME community in EMEA, APAC, North America

and LATAM with the latest news, thought leadership, industry expertise and knowledge sharing to help companies make informed decisions. Our integrated platforms enable the industry to receive the content they need in a manner that suits them.

It is our unparalleled understanding of this audience which enables *Intelligent SME.tech* to deliver effective campaigns aimed at ensuring maximum return on investment combined with sustained brand awareness across our digital platforms. Strategic partnerships with regional industry bodies, events and research companies enable us to both manage and grow the audience. *Intelligent SME.tech* aims to reach out to the wider team at SMEs, as we understand how important it is to work together to ensure future goals become a reality. *Intelligent SME.tech* provides an integrated platform that reaches this audience.
